For those competitors who already have Pirelli tyres you will automatically qualify for the Pirelli Cup.

Furthermore we have a secured a credit facility for the purchasing of tyres with a reputable credit company, namely Retail Credit Solutions(RCS) and the credit facility will be available to anyone who is credit worthy. Should you wish to know more about this contact Cobus directly at 0825663511.

The Pirelli logo is displayed in a bold, red, sans-serif font. The letter 'P' is stylized with a horizontal bar extending to the right, which then curves down to form the top of the letter. The rest of the letters are solid red. The logo is set against a bright yellow rectangular background.

## WRC National Rally Championship

The WRC National Rally Championship will comprise of 2 Rounds in 2022 with a Round being held in each Region. WNRC Round 1 will form part of the Lowveld Rally in the Northern Region in April and WRC Round 2 will form part of ECRC(Eastern Cape Rally Championship) final in the Eastern region at the end of the season.

In order to qualify to enter the first National Event a crew will have to enter and start at least 1 Regional event prior to National Event taking place.

ie: North Regions

\* Enter and start Bronkhorstspuit Rally before National Round 1 at the Lowveld Rally in order to qualify for the event. The aim of this is to prevent "1 hit wonders" from taking home the silverware.

\* Enter and start Round 5 Ermelo Rally before Round 2 national at the Cradock Rally in the Eastern Region.

50% of the Regional points accumulated at crew's qualifying events prior to a National Event will be carried over towards your National points that will count towards the National Championship.

Meaning your total National Points will comprise of the following:

2x 50% National Qualifier points

2x National Round points

The aim behind this is to keep the Championship fair for all those who have entered it no matter which Region a competitor may be from.

**Logo Change**

From 2022 the Championship will no longer be known as WOMZA National Rally Championship.

It will now be known as the WOMZA Rally Championship (WRC) with the 3 different categories being hosted under it.

The new logo will be published soon.

**Championship decals**

This has become some what of a problem in the past years with competitors competing in multiple facets of motorsport. It will remain the entered crew's responsibility to ensure that the correct signage is on the competing vehicle when presented for Scrutinizing. We have committed sponsors this year that expect a return on their investment by means of advertising and thus whilst competing in this Championship all the cars will look uniform and equipped with the correct sponsor decals. Our graphic designer is in process of making a design layout that will be added to the 2022 Rulebook.

WRC Committee
